

Research Proposal Self-Check Tab

Name of Research Project				
Lead Researcher	Name		Organization	
Research Fund	Supporting Organization		Research Fund	KRW

1. Purpose and Background Research	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
2. Research Method		
a. Summary of research method	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
b. Means of human research subject recruit	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
c. Procedure of acquiring consent from human research subject	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
d. Criteria of selecting and excluding human research subject	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
e. Number of target human research subject and calculation ground	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
f. Comparison group selection (when applicable)	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
g. Randomization (when applicable)	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
h. Blind method (when applicable)	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
i. Dosage, administration(injection) method, administration(injection) period and reason for the set-up (when applicable)	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
j. When using control medication, reason for the selection (when applicable)	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
k. Observation items, observatory test method and clinical test items(when applicable)	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
l. Effectiveness evaluation variables, evaluation method and interpretation method (when applicable)	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
m. Safety evaluation criteria, evaluation method and reporting method	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
n. Principle and method of statistical analysis	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
3. Research Schedule	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
4. Research cost details	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
5. Consideration for human research subject safety(test cessation, handling of serious side effects. Etc.)	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
6. Matters required for ethical research work(measures for protecting privacy information of human research subject, research based on the Helsinki declaration, etc.)	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
7. Recent history or other work experiences of lead researcher and co-researchers	<input type="checkbox"/> Included	<input type="checkbox"/> Not Included
